HHDoctorApp related apps and ideas

Here's the materials I've found that I think are related to our project:

- [Paper on how to create a framework for happiness estimation, 2015](#)
- [Healthways well-being index](#) – government-supported company that works in measuring the well-being business both in USA and internationally. The closest solution to our proposal so far.
- [An article on happiness quantification](#)
- [Happify app](#)
- [Harvard research on happiness tracking](#)
- [Quantified self wiki article](#)
- [PAD emotional state model](#)
- [Lovheim cube of emotion](#)
- [Paul Ekman's emotion studies](#)
- [Happiness wiki article](#)
